Project 6 - CRC Card Class Design

Thomas Roche

1. AmazeActivity

   - Responsibilities: manage algorithm selection, manage skill level selection, manage random maze generation

   - Collaborators: GeneratingActivity, FinishActivity, AlgorithmActivity

2. FinishActivity

   - Responsibilities: manage maze file storage

   - Collaborators: AmazeActivity, PlayActivity

3. GeneratingActivity

   - Responsibilities: manage maze toggle operations, manage maze generation, manage driver selection

   - Collaborators: AmazeActivity, PlayActivity, DriverSelectionActivity

4. PlayActivity

   - Responsibilities: manage manual/driver activities, manage maze simulation, manage maze toggle activities

   - Collaborators: GeneratingActivity, FinishActivity
